

# If the Book Fits, Read It!

## Finding a Good Fit Book

By Barbara A. Smith  
Carolina Forest Elementary★  
Grade 2

Would you ever wear a pair of shoes that were too large ...

or too small?

Would you wear  
these shoes ...

# to play football?

Would you wear  
these shoes

to walk the beach?

**No? Then why read a book  
that doesn't fit?**

Every shoe has a purpose.  
Can you match these?

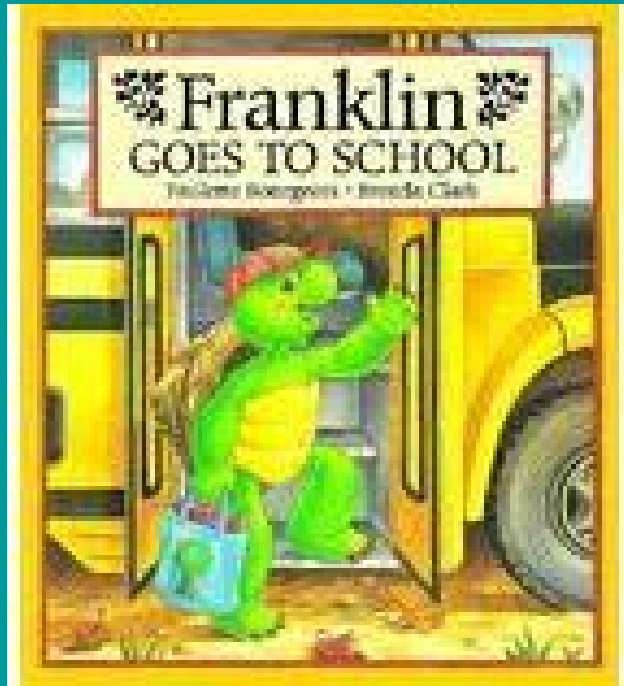

Shoe

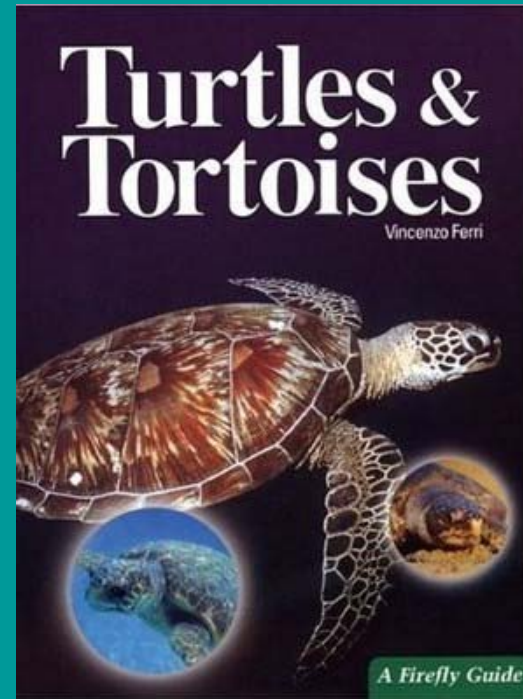

Purpose

Think about the purpose for your book. To write a report on turtles would you read ...

or

**You're RIGHT!  
You want to  
read about  
REAL turtles!**

Why do you have these shoes  
in your closet?

Right! Because you have an  
**interest in**

Ballet

Soccer

# Choose books that you are **interested in**

- Mysteries
- Frogs
- Wolves
- Horses
- Sports
- Space

# Make sure that you understand what you are reading

- The elastic hyoid, combined with the fibroelastic tissue on top of the big cats' undivided vocal folds, acts like a slide trombone, enabling the big cats to roar.

and that you know most  
of the words

- Tigers are the largest wild cat in the world.
- They can weigh up to 720 pounds.

# I PICK a Good-Fit Book

- **I** choose a book
- **P**urpose                      Why do I want to read it?
- **I**nterest                      Does it interest me?
- **C**omprehend              Do I understand what I am reading?
- **K**now                        I know most of the words

# Happy Reading!
